3rd December, 2008

Dear Jonathan,

Re. Consultation for the draft EIR of the proposed N2 Wild Coast Toll Highway

I hope you are well. It seems an age since I saw you at UCT, I think for Richard Fuggles farewell. I am now writing to you as Chair of Sustaining the Wild Coast (SWC) to keep you informed of our request to NMA regarding the consultation process.

We imagine that our request needs to be responded to and put into effect by NMA. We attach a copy of our letter for your information and your action if necessary. Our request is, we believe, part of our need to develop participatory democracy. If, however, it is also part of your responsibility, we would appreciate hearing from you.

With good wishes,

Yours sincerely,

The Right Reverend Geoffrey F Davies
Chair, Sustaining the Wild Coast
